## ARMA-FLEX "H & V" CONCRETE REPAIR KIT

### SAFE HANDLING OF THIS SYSTEM:

Use in a well ventilated area. Do not smoke while using this product or similar. Use a Protecting cream to expose skin as this will protect delicate skins to the low vapours emitted and also allow easy washing of exposed skin in the event of a spillage.

### HEALTH HAZARD:

Symptoms of Prolonged Exposure and acute and chronic effects

**SWALLOWED:** Difficult to swallow, blockage of breathing ducts may result as product will cure after 60 minutes.

**EYE:** Thick nature of ARMA-FLEX "H" will gum vision. **SKIN:** Slight reddening of skin after prolonged exposure.

**INHALED:** No giddy effect after prolonged exposure in confined space.

### EMERGENCY & FIRST AID PROCEDURES:

**SWALLOWED:** Clear breathing ducts, wipe out mouth, ARMA-FLEX "H" will set in 60 minutes and will not bond to moist skin.

**EYE:** Wash out with tepid water, treat as a slight caustic burn. Apply lubricating eye drops. Cover with patch if required.

**SKIN:** Unusual to have a severe effect, wash off with cool water and toilet soap. If hardening has occurred, peeling off will pull hairs out of skin. With tender skin, treat as a mild sunburn.

**INHALED:** Not applicable.

### NOTES TO PHYSICIAN:

The filler in ARMA-FLEX "H & V" is an epoxy quality quartz sand up to .3mm in particle size it is likely to cause irritation to the eye. With washing of the eye with water the viscous ARMA-FLEX "H" or "V" will not separate and all should flush out.

### PERSONAL PROTECTION AND HANDLING:

**EYES:** Glasses to be used to protect against splashing.

**HANDS & FEET:** Cotton or Rubber gloves and standard industrial footwear.

**RESPIRATORY:** Ventilation is advisable, do not smoke while using this or similar products as the fire may turn any fumes into something toxic.

### HANDLING PROCEDURES:

ARMA-FLEX "H" is three parts & "V" is a two part system, read the label and our published bulletins.
